

Professional Tote Errata Sheet

(For patterns that were Rev. 2018 as stated on the bottom of each page of the pattern in the © copyright section)

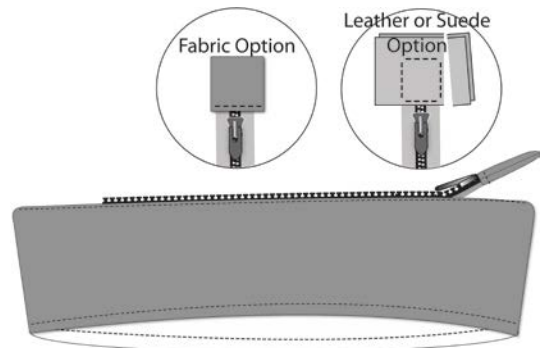

I just realized that the first printing of this version (approx.. 1000 copies) of my Professional Tote pattern did not print 4 of the diagrams. This is a correction sheet for those patterns. I am so sorry about this error.

You can print this page, cut and paste into your pattern if you would like.

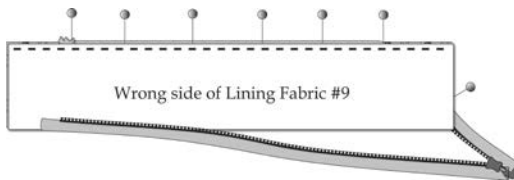

- **Page 11** at the top of the page after Step 9b should be the following diagram.

- **Page 13** at the top of the page after Step 10i should be the following diagram.

- **Page 12** after Step 10b should be the following diagram.

- **Page 12** after Step 10d should be the following diagram.
